**\*Additional event opportunity submitted by the relevant NGB**

*This is a live list of secured and hosting opportunities of international events. The events marked with a \* are ineligible on the UK Sport programme. By using data and insight, the International Event Hosting Opportunities is designed to appeal to all parts of British society and has balance across location, year, gender, disability sport and demographic appeal.*

*All event hosting opportunities identified here remain subject to further discussions between partners, potentially including detailed feasibility work. **It is therefore possible, and indeed likely, that some of the events on this list will not progress to bid stage.** In addition, some events that have been identified as priority targets are not currently listed. We will share the hosting target list with the UK's event hosting partners every 12 months with the aim of facilitating informed and strategic discussions between sports and cities.*

*Whilst many events on this list will be considered for investment by UK Sport, some will require funding beyond the National Lottery budget. Details of this process can be found in UK Sport Investment Guide. If you have any questions, please get in touch with UK Sport.*
